## Flamel Technologies Announces Increase in Cash Position; Second Quarter 2011 Results

**LYON, France—July 25, 2011** --Flamel Technologies (Nasdaq:FLML) today announced its financial results for the second quarter of 2011. Highlights during the second quarter included:

- Two agreements disclosed in April and signed with two pharmaceutical partners for development of three new small molecule formulations:
  - o Two Trigger Lock formulations of controlled release pain medications are being developed with a single partner;
  - o A controlled release formulation that leverages recent advances made on the Company's Micropump platform is being developed of an already marketed molecule used to treat certain central nervous system indications.
- Joint development agreements for controlled release formulations of four new molecular entities with Theralpha and Digna Biotech; and
- Increase of the Company's cash position to \$33 million from \$26 million at the end of the first quarter, 2011 and versus \$33.7 million at the end of the second quarter, 2010.

"Flamel continues to move forward its portfolio of collaborations with major pharmaceutical companies and we look forward to sharing updates on a number of our key projects through the remainder of the year. The execution of new deals, higher Coreg CR™ microparticle sales, and aggressive cost containment led to a further strengthening of our cash position in the quarter," said Stephen H. Willard, chief executive officer of Flamel Technologies. "We remain confident that our platforms can solve key issues for partners, as well as enable Flamel to develop its own internal pipeline of high-value products to deliver better medicines for patients."

Flamel reported total revenues in the second quarter 2011 of \$6.8 million, compared to \$7.5 million in the year-ago period. License and research revenues were \$2.5 million versus \$3.3 million in the second quarter of 2010. Product sales and services in the current quarter increased to \$2.3 million versus \$1.9 million in the second quarter of 2010. Other revenues during the current quarter, including royalties on the sale of Coreg CR™, were \$2.0 million versus \$2.4 million in the year-ago period.

Costs and expenses during the second quarter of 2011 were \$(10.4) million versus \$(12.2) million in the year-ago period. Costs of goods and services sold in the quarter totaled \$(1.9) million versus \$(1.6) million in the second quarter of 2010. Research and development expenses were \$(5.9) million versus \$(7.9) million in the second quarter of 2010. SG&A declined to \$(2.5) million from \$(2.8) million in the year-ago period.

---

Net loss in the second quarter of 2011 was \$(3.5) million, compared to a net loss of \$(4.3) million in the second quarter of 2010. Net loss per share (basic) for the second quarter of 2011 was \$(0.14), compared to a net loss per share (basic) in the year-ago period of \$(0.18).

For the first half of 2011, Flamel reported total revenues of \$13.5 million versus \$15.6 million in the first half of 2010. License and research revenues during the period were \$5.7 million versus \$6.7 million in the year-ago period. Product sales and services during the first six months of 2011 were \$3.9 million versus \$4.2 million in the first half of 2010. Other revenues during the first six months of 2011 were \$3.9 million versus \$4.7 million in the year-ago period.

During the first half of 2011, total costs and expenses were \$(22.1) million, versus \$(24.4) million in the year-ago period. Costs of goods and services sold in the first half of 2011 totaled \$(3.3) million versus \$(3.5) million in the year-ago period. Research and development expenses during the first half of 2011 were \$(13.7) million versus \$(15.1) million during the year-ago period. SG&A for the first six months of 2011 amounted to \$(5.1) million versus \$(5.7) million in the year-ago period.
